SUNSET VANS

Spacious and highly configurable, the Sunset Vans RAM ProMaster 136 Low Floor features industry leading payload-carrying capability The workhorse van features Sunset Van's fully FMVSS, ADA, and CARB-compliant accessibility conversions, all expertly engineered for maximum safety and convenience. The 10-inch low floor ground clearance on our ProMaster provides superb ambulatory access for passengers of varying accessibility needs. Retractable shoulder belts further keep your wheelchair passengers firmly secured without compromising on comfort.

The ProMaster comes equipped with many new technologies to improve the driving experience. All ProMasters come with a 5.0-inch infotainment touchscreen for radio and Bluetooth connectivity. New features include a standard crosswind steering assistance system that helps drivers stay in lane during inclement weather. Optional driver assistance technology also includes automatic front emergency braking, blind-spot monitoring, digital rearview mirror, rear cross-traffic alerts, and rear parking sensors.
